

MAST permits

- You need a MAST permit if you serve alcohol or manage alcohol servers at a liquor licensed business that sells alcohol for on-premises consumption
- You must obtain a MAST permit within 60 days of hire
 - Note: If you are a grocery store employee conducting beer and wine tastings, you are required to have a Class 12 MAST permit at the time of the tasting event
- The training is provided by private entities that have been certified by the WSLCB
- Upon completion of the training and exam, the MAST trainer or provider will issue your MAST permit within 30 days
- Permits are good for five years
- You must have your permit readily available for inspection while at work

MAST classes

When will I get my MAST permit?

State law requires your trainer to issue your permit within 30 days of the class.

Your MAST permit may be issued the day of the test if the instructor grades the test on site. However, some trainers grade the test at another site and then mail the permit to students.

If you took the online MAST class, your permit will be mailed to you within 30 days of the class.

If you do not receive your permit within 30 days, contact the trainer. If you still do not receive it, contact the WSLCB MAST coordinator at (360) 664-1727.
